

## COOKIES POLICY

A cookie is a file that is downloaded to your computer when you access certain websites. Cookies allow a website, amongst other things, to store and retrieve information about the browsing habits of the user or their equipment and, depending on the information they contain and the way you use your computer, can be used to recognise the user. The user's browser stores cookies on your hard drive only during the current session; they only occupy minimal memory space and do not harm the computer. Cookies do not contain any specific personal information and most of them are deleted from the hard drive at the end of the browsing session (so-called 'session cookies').

Most browsers accept cookies as standard and, irrespective of the cookies themselves, can be configured to permit or refuse temporary or stored cookies.

Without your express consent—by enabling cookies in your browser—AMPO will not link the stored data with your personal details provided at the time of registering or purchasing services to cookies.

### What kind of cookies does this website use?

- **Technical cookies:** These are cookies that allow the user to navigate a website, platform or application and use the different options or services available on it, such as controlling traffic and data communications, identifying the session, accessing restricted areas, remembering the elements of an order, executing the purchase process of an order, completing a registration form, participating in an event, using security features while browsing, storing content for sound or video dissemination, or sharing content via social networks.
- **Analysis cookies:** These are cookies that are processed by us or by third parties and allow us to quantify the number of users and thus make a statistical measurement and analysis of the use of the service offered by users. To do so, they analyse users' browsing habits of our website in order to improve the range of products and services we offer.
- **Third-party cookies:** The AMPO website can use the services of third parties who, at the expense of AMPO, will compile information for statistical purposes, on use of the Site by the user and for the provision of other services relating to the Website activity and other Internet services.

In particular, this Website uses Google Analytics, an analytical web service provided by Google, Inc. with domicile in the United States with main office at 1600 Amphitheatre Parkway, Mountain View, California 94043. For the provision of these services, these use cookies which compile the information, including the IP address of the user, which will be transmitted, processed, and stored by Google on the terms fixed in the Website Google.com. Including the possible transmission of said information to third parties for reasons of legal requirement or when said third parties process the information at the expense of Google.

**The User, by the use of this Site, expressly accepts the processing of the information collected in the manner and with the aforementioned purposes ;** and likewise, he/she acknowledges that he/she is aware of the possibility of rejecting the processing of said data or information by rejecting the use of Cookies through the selection of the appropriate configuration for

this purpose in his/her browser; although this option for blocking of Cookies in his/her browser may not allow the full use of all the functionalities of the Website.

You can allow, block or eliminate the cookies installed in your computer through the configuration of the options of the browser installed in your computer.
